**Contract:** Construction of Elevated Metro Stations at Chennai Bypass Crossing, Ramachandra Hospital, Iyyapanthangal Bus Depot, Katupakkam, Kumanan Chavadi, Karayan Chavadi, Mullai Thottam, Poonamallee Bus Terminus, Poonamallee Bypass & associated Viaduct from Chainage 17982.240 to Chainage.25928.186 and approach to Depot at Poonamallee & All Associated Works.

**Sub:** **Reply: Submission of Credentials of M/s Sarathy Geotech & Engineering Services Pvt. Ltd– Requesting for Approval.**

**Ref:** 1. Your letter no: HCC-KEC Consortium/CMRL/GEN/GC/0286 Dated on 09-09-2021

With reference to the above subject & letters, we have reviewed your submission of Laboratory credential & company profile of M/s Sarathy Geotech & Engineering Services Pvt. Ltd.

We are pleased to issue **Notice of No Objection (NONO)** for M/s Sarathy Geotech & Engineering Services Pvt. Ltd, (an Indian representative agency for Pile Dynamics Inc. which is among the vendor list mentioned in contract for conducting pile Integrity tests) for conducting the deep foundation pile tests including Pile Integrity Test, Cross Hole Sonic Logging test and High Strain Dynamic Load Test as per the scope of work.

The above approval is also subject to conduct the Routine tests and continual improvement as per the requirement of the Contract technical specification and approved ITP. The NABL accreditation certificate of M/s Sarathy Geotech & Engineering Services Pvt. Ltd, is having validity up to 13/07/2023.

The contractor must ensure Calibration certificates for measuring equipment to carry out the required test as per the Contract specifications for testing and has valid NABL accreditation certificate on the day of test conducting field tests.

This is for your necessary information and further action.

Yours sincerely

**Anthony J. Burchell**

The Engineer / Chennai Metro Rail Project, Phase-2.
